

MAKE YOUR OWN SNOOF!

BY ADAM KREUTINGER

MAKE YOUR OWN SNOOF!

MATERIAL LIST

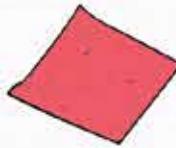

1/2 yard of fabric

(fur is recommended but fleece or felt will work well too)

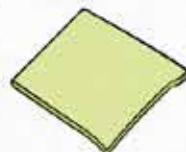

5 by 5 inch square of felt

(usually red, black, or pink for mouth interior)

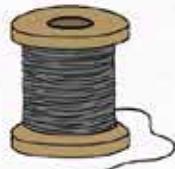

5 by 5 inch square of mouthplate support material

(craft foam or stiff felt)

Thread

Sewing Needle

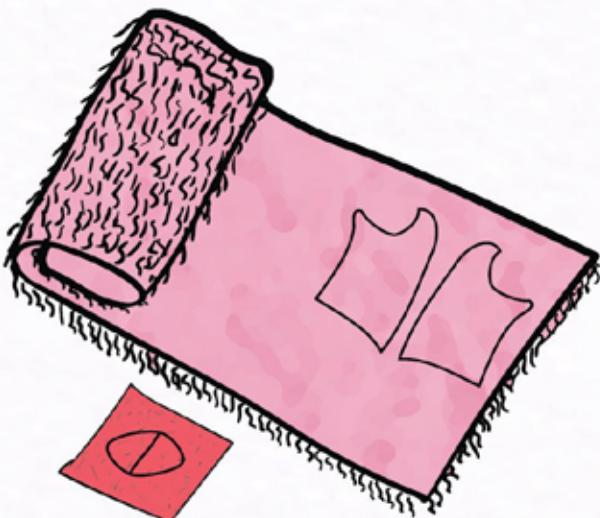

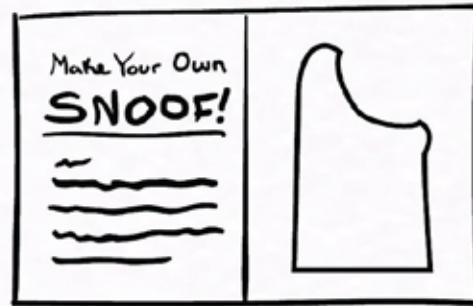

Hot glue

STEP 1

Photocopy or trace pattern from book or download a printable version from www.SnoofsOfTheWorld.com

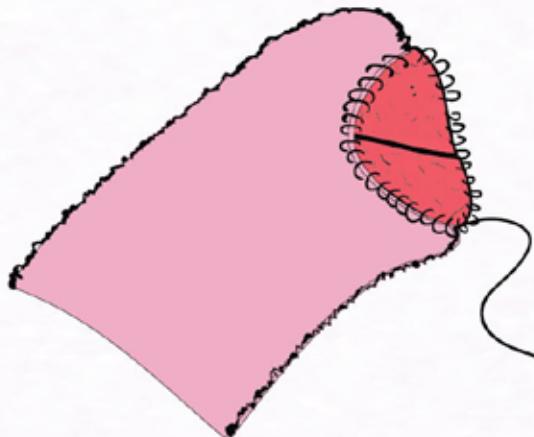

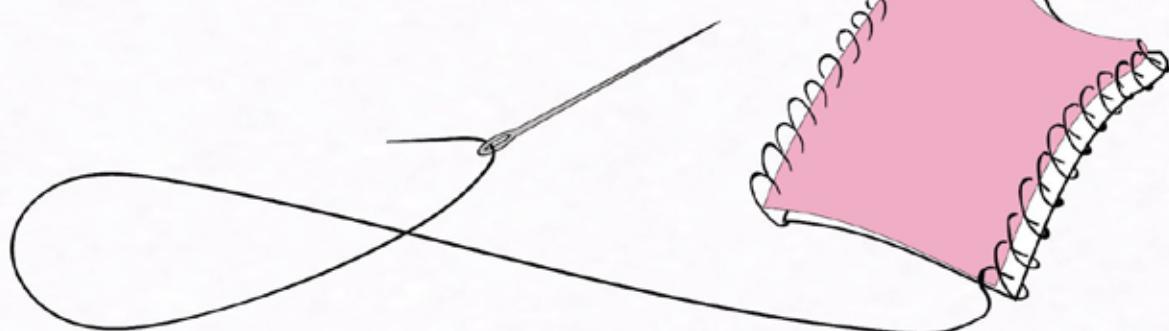

STEP 2

Trace the Snoof pattern onto the fabric. Be sure to flip the pattern when tracing the second half. Also trace the mouthplate pattern on the mouth fabric. Cut out all pieces.

STEP 3

Next, sew up along the back and front edges.

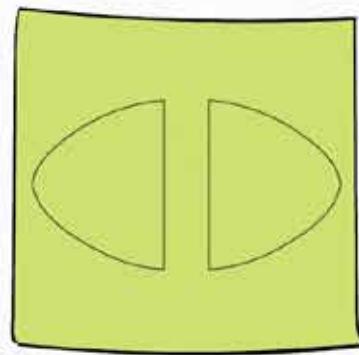

STEP 4

Sew the mouth fabric to the inside edges of the mouth.

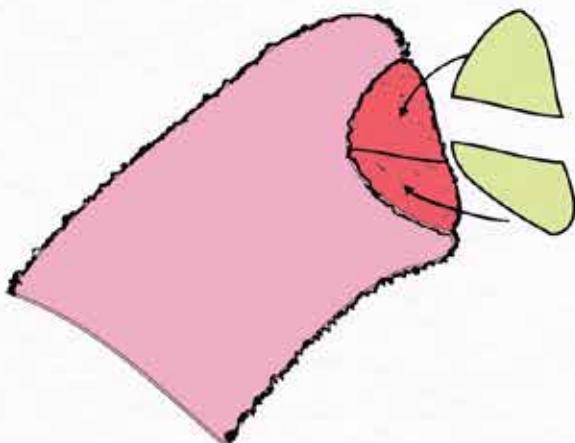

STEP 5

Trace and cut out mouthplate pattern again to the 5 by 5 square of craft foam or stiff felt for mouthplate support.

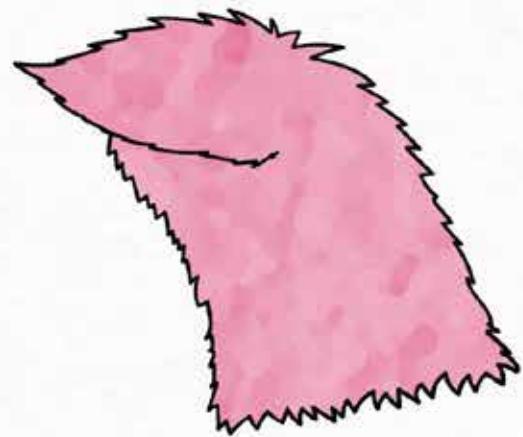

STEP 6

Glue the mouthplate support to the inside of the mouth fabric. Then turn the snoof inside out.

STEP 7

Add features and details! Your snoof could have a nose, eyes, ears, teeth, hair and more!
